

## Change Summary for SFM windows v6.30.0034

Our aim is always to maintain the user interface as is. This will remove the need to 'relearn' how to use a familiar tool.

As long as your subscription remains current, you are welcome to download the latest SFM windows upgrades at your convenience. You can find the details of the latest version available on the home page of our website [www.schoolfund.co.uk](http://www.schoolfund.co.uk) or on the School Fund Manager link from the new company website [www.talktopebble.co.uk](http://www.talktopebble.co.uk)

### Amendments

Corrections to :-

- Cancel paying in slip routine, which could fail given a particular series of key presses and create an 'Out of Balance' error message.
- Cancel user account transfer, which could create a partial entry to the files.
- Enter a split receipt, which could fail to save given a particular series of key presses and create an 'Out of Balance' error message.

### Additions

Field added to the reports exported from School Fund Manager to Merge and Claim Manager to create a transaction ID.
